

Remarks

In the interview with Examiner Chin, it was discussed that further action on the application would await submission of a supplemental amendment. Applicants respectfully request that the Supplemental Amendment and Expert Declaration of Dr. Jungermann dated July 21, 2008, the substance of which were both discussed at the interview, be entered and considered. Among other things, the Supplemental Amendment adopts certain of the Examiner's suggestions and cancels claims. No new matter is added by the amendments. Support for new Claim 66 is found, *inter alia*, in Paragraph [0030].

In light of (i) the Supplemental Amendment dated August 22, 2008 (ii) the 1.132 Declaration of Dr. Jungermann dated July 21, 2008, (iii) the 1.132 Declarations of Stephen Herman and Michael Popovsky, both submitted on May 16, 2008, (iv) the 1.132 Declaration of Eric Jungermann submitted on January 25, 2007 and (v) the arguments based on the foregoing previously of record, reconsideration and allowance are respectfully requested.

Dated: August 22, 2008

Respectfully submitted,
